This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. UNITED STATES GOVERNMENT PUBLICATIONS.

MONTHLY CATALOGUE.

VOL. IV. WASHINGTON, D. C., JANUARY, 1888. No. 1.

Entered as second-class matter at the Post Office, Washington, D. C.

This Catalogue contains the titles of all the current official publications of the United States, including the reports and papers issued by Departments, Bureaus, Commissions and other organizations of the Government; all the documents printed by order of Congress—that is to say, the Executive Documents, Reports of Committees, Miscellaneous Documents, Journals, and Debates of both Houses; and in addition, the titles of all public and private Acts, Treaties, Maps, and Charts.

The arrangement of the titles is alphabetical, under authors' names as regards special treatises, and under topics as regards Congressional documents. At the same time the Departments, Bureaus, Commissions, etc., are credited with the works issued under their supervision. A general Index at the end of the volume.

Subscription price $5.00 per annum.

J. H. HICKCOX, *Publisher*,
906 M. ST. W., WASHINGTON, D. C.

William Wesley & Son, 28 Essex Street, Strand, London, are authorized to receive subscriptions in Great Britain.

The report of Mr. Edward Atkinson on the "Silver Question" in Europe has been transmitted to Congress and ordered printed. Mr. Atkinson was requested by the President "to visit the financial centres of Europe in order to ascertain the feasibility of establishing, by international arrangement, a fixity of rates between the two precious metals in free coinage of both." In a letter to Senator Manderson, Chairman of the Committee on Printing, the Secretary of State calls attention to a translation of "Soetbeer's Materialen," by Professor Taussig, of Harvard, which accompanies Mr. Atkinson's report. The Secretary remarks that it "contains a perfect mine of information on this highly important

subject," and that "it would be highly advisable for authority for the printing of this valuable treatise."

The proposition has been renewed, and bills introduced in both Houses, looking towards the distribution of all public documents through the Department of the Interior instead of Members of Congress. It proposes to have *all* documents which are printed and bound by order of Congress sent to the "Bureau of Public Documents" (provided for in the bill) and there distributed on orders from Congressmen, a system being devised to prevent duplication of any book to the same individual. The Secretary of the Interior is authorized to employ sufficient force to carry out the intentions of the bill.

Senator Wilson, of Iowa, has again introduced a bill directing the Secretary of the Interior to furnish to incorporated bodies, institutions, and associations, to be designated by Members of Congress, the Statutes of the United States, and the Congressional Record for the 48th and each succeeding and future Congress. This bill should be more elastic; that is to say, it should permit such designations by members of future Congresses as well as the present. The population of this country is increasing, and the increase will not cease with the present Congress.

REPORTS OF THE HEADS OF DEPARTMENTS.

There has been printed for the use of the Senate an edition of one thousand copies of the Annual Message of the President, and the reports proper of the heads of Departments, Comptroller of the Currency, Director of the Mint, and Treasurer of the United States, without the appendices. This is the second year of the publication. It should not be mistaken for the "Abridgment of the Message and Documents," so long in vogue, for it is only, as its title implies, the reports proper of the heads of Departments, without the "accompanying" papers. It is a handy reference volume, but needs a good general index.

CATTLE AND DAIRY FARMING.

Resolutions have been introduced in both Houses of Congress providing for the printing of additional copies of the report sub-

mitted by the Department of State at the 1st session of the 49th Congress on "Cattle nd dairy farming in Europe." The demand for this ponderous volume, which is very profusely illustrated, has been phenomenal, the first edition of four thousand copies being already exhausted, although issued from the press only four months ago. The House resolution calls for twenty thousand additional copies. In some form or another the Resolution will pass.

WOOL REPORT.

A resolution has already been introduced and will undoubtedly be passed to print seventeen thousand additional copies of the recent report from the Bureau of Statistics of the Treasury Department upon Wool and the manufactures of wool, being a special report relating to the imports and exports of wool and its manufactures, and the tariff duties imposed from 1789 to the present time. The first edition was speedily exhausted.

CONGRESSIONAL GLOBE.

In addition to the large number of copies of the Congressional Globe which Dr. Ames, of the Interior Department, has already distributed among Public Libraries, there still remains in the custody of that Department a large collection of unbound volumes of this valuable book. Authority is now being asked (Senate Resolution 18) to have this collection bound and distributed among public, university, and college libraries to supply deficiencies. It is becoming a difficult matter to procure sets of this work, and Dr. Ames is entitled to large credit for his persistent efforts in aiding librarians in filling up their incomplete series. Besides, he is turning to good account material for which the Government paid the late proprietors of the Globe the sum of one hundred thousand dollars.

CONGRESSIONAL RECORD.

An effort is being made to have part of the edition of the Congressional Record bound in paper covers in numbers of twelve at a time and indexed, and furnished to those who may desire it in that form instead of the daily issues. The Resolution is in the House of Representatives, but still unacted upon.

RECORDS OF THE WAR.

A bill has been introduced in Congress to print from the stereo-

type plates an additional number of copies of the official Records of the War of the Rebellion in order to supply the deficiency of earlier volumes which are now out of print.

STORM TRACK CHARTS.

The joint resolution to print the "Storm track charts of the north Atlantic ocean," by Lieut. John P. Finley, which failed to be acted upon at the last session of Congress, has been revived (Senate Resolution 25). It is proposed to print four thousand five hundred copies for public distribution.

INDEX TO DOCUMENTS.

The Library Committee has been instructed by the Senate to consider and report upon the necessity of the publication for the use of the Senate, of a consolidated index of Reports and Documents of the forty-sixth, forty-seventh, forty-eighth, and forty-ninth Congresses.

MAP OF THE UNITED STATES.

Among the bills passed at the last session of Congress, but which failed to receive the approval of the Executive, was an act authorizing the printing of an additional number of copies of the map of the United States prepared by the General Land Office in 1886. The first edition of this map was soon exhausted, and the call for it is widespread. It is now proposed (Senate Resolution 17) to have seven thousand five hundred copies printed, two thousand of which shall be for the use of the Senate, four thousand for the House of Representatives, five hundred for the Commissioner of the General Land Office, and one thousand for sale at one dollar and fifty cents each. The resolution appropriates the sum of $10,125, or so much thereof as may be necessary.

WASHINGTON, D. C.

UNITED STATES GOVERNMENT PUBLICATIONS.

MONTHLY CATALOGUE.

VOL. IV. WASHINGTON, D. C., FEBRUARY, 1888. No. 2.

Entered as second-class matter at the Post Office, Washington, D. C.

This Catalogue contains the titles of all the current official publications of the United States, including the reports and papers issued by Departments, Bureaus, Commissions and other organizations of the Government; all the documents printed by order of Congress—that is to say, the Executive Documents, Reports of Committees, Miscellaneous Documents, Journals, and Debates of both Houses; and in addition, the titles of all public and private Acts, Treaties, Maps, and Charts.

The arrangement of the titles is alphabetical, under authors' names as regards special treatises, and under topics as regards Congressional documents. At the same time the Departments, Bureaus, Commissions, etc., are credited with the works issued under their supervision. A general Index at the end of the volume.

Subscription price $5.00 per annum.

William Wesley & Son, 28 Essex Street, Strand, London, are authorized to receive subscriptions in Great Britain.

The following resolution introduced by Senator Hoar is highly important and should pass. It is now in the hands of the Senate Committee on Printing. Let every Librarian, publicist, and student write to his Senator and Representative calling attention to the matter, and urging early consideration and passage, in order that these publications may be made promptly accessible to people living in all parts of the United States:

SENATE RESOLUTION 20.

JOINT RESOLUTION providing for the printing of additional copies of public documents.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Public Printer shall deliver to the

Interior Department a sufficient number of copies of the Congressional Record (bound), Statutes at Large, and of every Government publication not already supplied for this purpose, printed at the Government Printing Office, including the publications of all bureaus and offices of the Government, excepting bills, resolutions, documents printed for the special use of committees in Congress, and circulars designed not for communicating information to the public but for use within the several Executive Departments and offices of the Government, to enable said Department to supply a copy to every depository of public documents designated according to law.

According to the last report of the Superintendent of Public Documents, there are 456 depositories of public documents.

A resolution introduced by Senator Aldrich (Sen. Res. 4), providing that all copies of the Records of the War of the Rebellion, reports of the Tenth Census (1880), and report of the Public Lands Commission remaining undistributed, of the quota of ex-members of Congress, shall be put to the credit and distributed upon the orders of their successors respectively, would, if passed, release a large number of these important publications and supply many libraries and individuals who have not heretofore been able to secure them.

RESOLUTIONS TO PRINT.

The following resolutions have been passed at the present session:

House Resolution 65, to print two thousand five hundred copies of the annual report of the Health Officer of the District of Columbia for 1886–87. One hundred copies for the use of the Senate, three hundred and fifty copies for the House of Representatives, and two thousand and fifty copies for the Health Officer of the District.

A resolution to print two thousand copies of the Digest of the Rules of the House of Representatives for the 1st session of the 50th Congress, for the use of the House.

A resolution to print ten thousand copies of the present tariff law for the use of the House of Representatives.

A resolution to print two thousand five hundred copies of the report (illustrated) of the Board of Visitors to the Military Academy at West Point in 1887. Two thousand copies for the use of the Senate, and five hundred copies for the Senate members of the Board of Visitors.

COMMISSIONER OF EDUCATION.

The House of Representatives has passed a resolution to print forty-three thousand copies of the Report of the Commissioner of Education for the year ended June 30, 1887. The Senate has reduced the number to thirty-two thousand, but the House has not yet consented to the reduction.

INDEX TO DOCUMENTS.

The preparation of an index to the documents and reports of the 46th, 47th, 48th, and 49th Congresses referred to in the January number, page 4, has been ordered by the Senate.

INTERSTATE COMMERCE COMMISSION.

A resolution to print twenty thousand copies of the first report of the Interstate Commerce Commission has passed the Senate. No action as yet in the House. To be distributed as follows: Five thousand for the use of the Senate; ten thousand for the House of Representatives, and five thousand for the Commission.

NATIONAL ACADEMY OF SCIENCES.

Prof. Marsh has submitted the annual report of the National Academy of Sciences for the year 1887. Referred in the Senate to the Committee on Printing.

PORTRAITS OF EX-SPEAKERS.

On the 17th of January speeches were delivered in the House of Representatives by several members of the delegation from Massachusetts, and by Mr. Randall, of Pennsylvania, and by Mr. Breckenridge, of Kentucky, on the occasion of the presentation of the portraits of ex-Speakers of the House of Representatives, elected from the State of Massachusetts (Messrs. Sedgwick, Varnum, Banks, and Winthrop). A resolution to print the proceedings of the House on this occasion in book form (ten thousand copies) has already passed the House and will, undoubtedly, have the concurrence of the Senate.

REVENUE AND APPROPRIATION BILLS.

The Senate has ordered to be prepared a compilation from all available sources, of "a complete chronological history of revenue and general appropriation bills, from the 1st to the 49th Congress, 1789–1886." The compilation (to be made by Mr. H. H.

Sprith, formerly "Journal Clerk" of the H. R.) will occupy a year or more, and, if printed, will be comprised in two volumes.

STATISTICAL ABSTRACT.

The usual resolution to print fifteen thousand copies of the Statistical Abstract (No. 10, for 1887), prepared by the Bureau of Statistics, has been introduced.

PACIFIC RAILROAD COMMISSION.

It is proposed to print ten thousand copies of the recent report of the Pacific Railroad Commission. A resolution to that effect has passed the House of Representatives. It requires the concurrence of the Senate.

SUPREME COURT CASES.

The Attorney-General recently submitted to the Senate, with a request that the same be printed, a table of cases argued and adjudged in the Supreme Court of the United States, from volumes 104 to 122 of the United States Report; compiled by H. D. Clarke, a librarian in the Department of Justice.

CATALOGUE OF THE ARMY MEDICAL MUSEUM.

It is proposed to have printed, with the sanction of Congress, an illustrated catalogue in three volumes, of the Army Medical Museum; the same to be prepared in the office of the Surgeon-General. Resolutions to this effect have been introduced in both Houses. The number of copies proposed to be printed (5000) is too small. Provision should also be made for their sale at cost price, *after* publication.

UPTON'S MILITARY POLICY OF THE UNITED STATES.

Mr. Townshend, of Illinois, has introduced a resolution directing the Committee on Printing to ascertain on what terms can be obtained the manuscript of the late Gen. Emory Upton on the "Military Policy of the United States." It is stated that Gen. Upton had prepared this work with great care and ability; that it embodies a profound study of the military records of the United States down to the year 1863. The work was left unfinished at the death of the author, but it is proposed to have it completed by competent authority, and published if Congress shall so direct.

UNITED STATES GOVERNMENT PUBLICATIONS.

MONTHLY CATALOGUE.

VOL. IV. WASHINGTON, D. C., MARCH, 1888. No. 3.

Entered as second-class matter at the Post Office, Washington, D. C.

This Catalogue contains the titles of all the current official publications of the United States, including the reports and papers issued by Departments, Bureaus, Commissions and other organizations of the Government; all the documents printed by order of Congress—that is to say, the Executive Documents, Reports of Committees, Miscellaneous Documents, Journals, and Debates of both Houses; and in addition, the titles of all public and private Acts, Treaties, Maps, and Charts.

The arrangement of the titles is alphabetical, under authors' names as regards special treatises, and under topics as regards Congressional documents. At the same time the Departments, Bureaus, Commissions, etc., are credited with the works issued under their supervision. A general Index at the end of the volume.

Subscription price $5.00 per annum.

UNITED STATES GOVERNMENT PUBLICATIONS.

MONTHLY CATALOGUE.

VOL. IV. WASHINGTON, D. C., APRIL, 1888. No. 4.

Entered as second-class matter at the Post Office, Washington, D. C.

This Catalogue contains the titles of all the current official publications of the United States, including the reports and papers issued by Departments, Bureaus, Commissions and other organizations of the Government; all the documents printed by order of Congress—that is to say, the Executive Documents, Reports of Committees, Miscellaneous Documents, Journals, and Debates of both Houses; and in addition, the titles of all public and private Acts, Treaties, Maps, and Charts.

The arrangement of the titles is alphabetical, under authors' names as regards special treatises, and under topics as regards Congressional documents. At the same time the Departments, Bureaus, Commissions, etc., are credited with the works issued under their supervision. A general Index at the end of the volume.

Subscription price $5.00 per annum.

PACIFIC RAILWAY COMMISSION.

The report of the Pacific Railway Commission, with the message of the President of the United States accompanying, was printed by order of the Senate in January. The testimony taken before the Commission was ordered printed a month later, and has recently made its appearance. The edition consists of the "usual number" (1,900 copies). The Commission had previously printed for its own use a limited edition of the Testimony (6 vols.), when the fund at its disposal became exhausted. The work is now completed in nine volumes, including the Report of the Commission, the Testimony, and Statements of the Engineer and Accountants of the Commission, maps, and an analytical index.

WHARTON'S DIGEST.

As a supplement to Wharton's Digest of the International Law of the United States recently published in three volumes, the Senate has passed a Joint Resolution to print under "the same conditions and limitations," the "Diplomatic correspondence of the American Revolution, with historical and legal notes" by Dr. Wharton, Examiner of Claims for the Department of State. It is proposed to print four thousand extra copies, but the number of volumes contemplated in the publication is not stated. The "conditions and limitations" probably refer to the compensation for editing, etc., viz., $2,500 per volume. No action on the resolution as yet in the House of Representatives.

The effect of the subjoined resolution will be to release ten or twelve thousand volumes from the public storehouses:

Resolved by the Senate and House of Representatives, etc., That all copies of the Records of the War of the Rebellion, reports of the tenth Census, and report of the Public Lands Commission remaining undistributed of the quota of ex-members of Congress, shall be put to the credit and distributed upon the orders of their successors, respectively, in the 50th Congress, in accordance with existing provisions of law: *Provided*, That copies of the above-named documents standing to the credit of ex-members who, in consequence of changes in the boundaries of congressional districts, have no direct successors in the present Congress shall be put to the credit pro rata of the several Representatives of the State in which such districts are located who were not Representatives in the 47th Congress: *And provided further*, That this resolution shall not be construed as withholding from parties already named to receive complete sets of said documents the volumes yet to be issued. Approved March 19, 1888.

WASHINGTON, D. C.

UNITED STATES GOVERNMENT PUBLICATIONS.

MONTHLY CATALOGUE.

VOL. IV. WASHINGTON, D. C., MAY, 1888. No. 5.

Entered as second-class matter at the Post Office, Washington, D. C.

This Catalogue contains the titles of all the current official publications of the United States, including the reports and papers issued by Departments, Bureaus, Commissions and other organizations of the Government; all the documents printed by order of Congress—that is to say, the Executive Documents, Reports of Committees, Miscellaneous Documents, Journals, and Debates of both Houses; and in addition, the titles of all public and private Acts, Treaties, Maps, and Charts.

The arrangement of the titles is alphabetical, under authors' names as regards special treatises, and under topics as regards Congressional documents. At the same time the Departments, Bureaus, Commissions, etc., are credited with the works issued under their supervision. A general Index at the end of the volume.

Subscription price $5.00 per annum.

J. H. HICKOOX,
906 M. ST. W., WASHINGTON, D. C.

William Wesley & Son, 28 Essex Street, Strand, or, Trübner & Co., 57 Ludgate Hill, London, are authorized to receive subscriptions in Great Britain.

CENSUS.

It is gratifying to be able to state that the seventeenth, nineteenth, twenty-first, and twenty-second volumes of the Census reports of 1880 will, at no distant day, be printed and bound, Congress having recently appropriated a sum sufficient for that purpose. The publication of these volumes will complete this work, which has been unseasonably delayed owing to the failure of Congress to make timely appropriations.

A bill providing for the Census of 1890 has been reported to the House of Representatives, with some limitations of the scope of the last Census.

ABRIDGMENTS OF PATENTS.

Senator Cockrell has introduced a bill appropriating $20,000 for the purpose of continuing the preparation of the classified

abridgment of letters-patent granted by the United States. Also, providing for the distribution of the work, viz., one copy to each Senator, Representative, and Delegate in Congress, one to each of eight public libraries, to be designated by each Senator, Representative, and Delegate; also, copies for foreign libraries, and for sale.

RECORDS OF THE VIRGINIA COMPANY.

The manuscript records of the Virginia Company, of London, from 1619 to 1624, in two folio volumes, have long been in the possession of the Library of Congress. It is proposed (House resolution 146) to allow Dr. J. F. Jamison, of Johns Hopkins University, to cause a copy of these records to be made at his own expense, with a view to publication as a private enterprise.

In this connection it may be stated that Senator Hoar has in charge a bill for the completion and printing of the Catalogue of the Library of Congress!

CATTLE AND DAIRY FARMING.

Twenty-five thousand additional copies of the Report on Cattle and Dairy Farming have been ordered printed and bound in two volumes each. Eight thousand copies will be distributed by the Senate, sixteen thousand by the House of Representatives, and one thousand by the Department of State.

Resolutions are pending to print seven thousand additional copies of the Medical and Surgical History of the Rebellion, four thousand copies of the index of Southern Claims, five hundred copies of thirty-six war maps, sixteen thousand copies of the reports of the Smithsonian Institution for 1886 and 1887, and fifteen thousand five hundred copies each of the 8th and 9th annual reports of the Bureau of Ethnology and of the United States Geological Survey.

The Senate Printing Committee has reported adversly on resolutions to print additional copies of Finley's Storm Track Charts, and Hichborn's European Dock-Yards.

The 400,000 copies of the Report of the Commissioner of Agriculture for 1887 will be issued during the summer.

This Catalogue contains the titles of all the current official publications of the United States, including the reports and papers issued by Departments, Bureaus, Commissions and other organizations of the Government; all the documents printed by order of Congress—that is to say, the Executive Documents, Reports of Committees, Miscellaneous Documents, Journals, and Debates of both Houses; and in addition, the titles of all public and private Acts, Treaties, Maps, and Charts.

The arrangement of the titles is alphabetical, under authors' names as regards special treatises, and under topics as regards Congressional documents. At the same time the Departments, Bureaus, Commissions, etc., are credited with the works issued under their supervision. A general Index at the end of the volume.

Subscription price $5.00 per annum.

J. H. HICKCOX,
906 M. ST. W., WASHINGTON, D. C.

William Wesley & Son, 28 Essex Street, Strand, or, Trübner & Co., 57 Ludgate Hill, London, are authorized to receive subscriptions in Great Britain.

PRINTING ORDERED.

A resolution to print 15,000 copies of Statistical Abstract, number 10, for 1887, has passed both houses of Congress.

The President has approved joint resolution to print 13,500 copies of Eulogies delivered in Congress on the death of Hon. Seth C. Moffatt.

The Senate has ordered 3,000 copies of the paper by Mr. Alexander D. Anderson, originally printed in the 2d part of Commerce and Navigation, 1886–'87, and entitled The Mississippi and its Tributaries.

The Senate has also ordered printed 500 copies of the map of waters and shores frequented by American fishermen in the North Atlantic Ocean.

Also 10,000 copies of arguments before the Committee on Woman's Suffrage, April 2, 1888.

FISHERIES.

A joint resolution to print 5,000 additional copies of the report of the Committee on Foreign Relations (Sen. Mis. Doc., no. 109), together with the President's message of Feb. 20, 1888, the proposed treaty with Great Britain, and a map, has passed the Senate and awaits the action of the House.

REVISED STATUTES—SUPPLEMENT VOL. 2.

The publication of the second volume of the Supplement to the Revised Statutes of the United States, embracing the statutes of a general and permanent nature passed by the 47th, 48th, 49th, and 50th Congresses, with references connecting provisions on the same subject, notes, citations, and judicial decisions, etc., is contemplated by Senate bill, no. 159, introduced by Mr. Wilson, of Iowa.

LAND OFFICE DECISIONS—PENSION OFFICE DECISIONS.

A resolution has been favorably reported authorizing the printing and binding of 1,000 copies each of volumes one to seven of the Decisions of the Secretary of the Interior in Land Cases, and volumes one and two of Decisions in Pension Cases, the same to be sold by the Department of the Interior at the cost of publication.

PANAMA CANAL.

A favorable report has also been made to the House of Representatives on a resolution to print 3,000 copies of Lieut. Rogers' report on the Panama Canal.

WILLIAM VANS MURRAY.

The Senate has assented to a resolution to pay two thousand five hundred dollars for five manuscript volumes of letter-books of William Vans Murray, formerly minister of the United States at The Hague and at Paris. It was remarked by a senator in the course of the brief discusssion which took place when the subject of purchase was under consideration, that the price was reasonable because "it was only half what was asked!"

UNITED STATES GOVERNMENT PUBLICATIONS.

MONTHLY CATALOGUE.

VOL. IV. WASHINGTON, D. C., JULY, 1888. No. 7.

Entered as second-class matter at the Post Office, Washington, D. C.

This Catalogue contains the titles of all the current official publications of the United States, including the reports and papers issued by Departments, Bureaus, Commissions and other organizations of the Government; all the documents printed by order of Congress—that is to say, the Executive Documents, Reports of Committees, Miscellaneous Documents, Journals, and Debates of both Houses; and in addition, the titles of all public and private Acts, Treaties, Maps, and Charts.

The arrangement of the titles is alphabetical, under authors' names as regards special treatises, and under topics as regards Congressional documents. At the same time the Departments, Bureaus, Commissions, etc., are credited with the works issued under their supervision. A general Index at the end of the volume.

Subscription price $5.00 per annum.

J. H. HICKCOX,
906 M. ST. W., WASHINGTON, D. C.

William Wesley & Son, 28 Essex Street, Strand, or, Trübner & Co., 57 Ludgate Hill, London, or, G. Hedeler, Leipzig, are authorized to receive subscriptions.

Resolutions to print the following-named publications have been introduced in Congress, and referred to the Committee on Printing, viz:

Bureau of Ethnology, eighth and ninth annual reports for 1886-'87, and 1887-'88. Fifteen thousand five hundred copies of each, of which three thousand five hundred shall be for the use of the Senate, seven thousand for the House of Representatives, and five thousand for the Bureau of Ethnology.

UNITED STATES GOVERNMENT PUBLICATIONS.

MONTHLY CATALOGUE.

VOL. V. WASHINGTON, D. C., AUGUST, 1888. No. 8.

Entered as second-class matter at the Post Office, Washington, D. C.

This Catalogue contains the titles of all the current official publications of the United States, including the reports and papers issued by Departments, Bureaus, Commissions and other organizations of the Government; all the documents printed by order of Congress—that is to say, the Executive Documents, Reports of Committees, Miscellaneous Documents, Journals, and Debates of both Houses; and in addition, the titles of all public and private Acts, Treaties, Maps, and Charts.

The arrangement of the titles is alphabetical, under authors' names as regards special treatises, and under topics as regards Congressional documents. At the same time the Departments, Bureaus, Commissions, etc., are credited with the works issued under their supervision. A general Index at the end of the volume.

Subscription price $5.00 per annum.

J. H. HICKCOX,
906 M. ST. W., WASHINGTON, D. C.

William Wesley & Son, 28 Essex Street, Strand, or, Trübner & Co., 57 Ludgate Hill, London, or, G. Hedeler, Leipzig, or Felix L. Dames, 47 Tauben Strasse, Berlin, are authorized to receive subscriptions.

Joint resolutions providing for the publication of the following named books have passed both Houses of Congress, and been approved by the President, viz:

Wharton's Digest of International Law. Supplement. 5,000 copies.

Report of the Bureau of Statistics in regard to imported merchandise entered for consumption in the U. S., with amounts of duty and rates of duty collected. 20,000 copies.

Compilation of Reports of Committees of Congress, from 1815 to 1887. A duplicate set only.

Resolutions to print the following named publications have been introduced:

Decisions of the Interior Department in Land Cases, vols. 1 to 7. One thousand copies for sale, and one copy for each Member of Congress.

Decisions of the Interior Department in Pension Cases, vols. 1–2. One thousand copies for sale, and one copy for each Member of Congress.

Annual Reports of the Commission of Labor. Five thousand copies each of the first and second reports for the Commission, and thirty-nine thousand copies of the third report for the use of Congress.

WASHINGTON, D. C.

UNITED STATES GOVERNMENT PUBLICATIONS.

MONTHLY CATALOGUE.

VOL. IV. WASHINGTON, D. C., SEPTEMBER, 1888. No. 9.

Entered as second-class matter at the Post Office, Washington, D. C.

This Catalogue contains the titles of all the current official publications of the United States, including the reports and papers issued by Departments, Bureaus, Commissions and other organizations of the Government; all the documents printed by order of Congress—that is to say, the Executive Documents, Reports of Committees, Miscellaneous Documents, Journals, and Debates of both Houses; and in addition, the titles of all public and private Acts, Treaties, Maps, and Charts.

The arrangement of the titles is alphabetical, under authors' names as regards special treatises, and under topics as regards Congressional documents. At the same time the Departments, Bureaus, Commissions, etc., are credited with the works issued under their supervision. A general Index at the end of the volume.

Subscription price $5.00 per annum.

J. H. HICKCOX,
906 M. ST. N.W., WASHINGTON, D. C.

William Wesley & Son, 28 Essex Street, Strand, or, Trübner & Co., 57 Ludgate Hill, London, or, G. Hedeler, Leipsig, or Felix L. Dames, 47 Tauben Strasse, Berlin, are authorized to receive subscriptions.

The absence of a majority of members, and the determination of the minority to check legislation, will effectually prevent the consideration of several important measures affecting public libraries, new publications, etc., which are pending in Congress.

Among these measures are bills increasing the number of Public Depositories of Government publications, and increasing the supply of publications for the Depositories and other public libraries. Hundreds of public libraries are shut out because they have not been "designated" by the Congressman from their district, and the Congressman has not had it in his power to designate all who apply because the statute limits the number in each Congressional District. The bills providing for the printing of public documents for sale; for the establishment of a Bureau of

Public Documents, and the distribution or sale of all surplus copies; for a new edition of the Land Office map of the United States, are all in suspense.

The bill providing for the republication and sale of the Land Office Decisions, volumes 1 to 7 inclusive, and Pension Decisions, volumes 1 and 2, has become a law; as have also resolutions authorizing the printing of four hundred thousand copies of the Annual Report of the Commissioner of Agriculture for 1888; nine thousand copies of the Report of the Director of the Mint on the gold and silver product of 1887, and twelve thousand copies of the Report of the Senate Select Committee on the Civil Service.

GOVERNMENT PUBLICATIONS,

AND INFORMATION CONCERNING SAME, SUPPLIED BY

J. H. HICKCOX,
906 M St. W.,
WASHINGTON, D. C.

UNITED STATES GOVERNMENT PUBLICATIONS.

MONTHLY CATALOGUE.

VOL. IV. WASHINGTON, D. C., OCTOBER, 1888. No. 10.

Entered as second-class matter at the Post Office, Washington, D. C.

This Catalogue contains the titles of all the current official publications of the United States, including the reports and papers issued by Departments, Bureaus, Commissions and other organizations of the Government; all the documents printed by order of Congress—that is to say, the Executive Documents, Reports of Committees, Miscellaneous Documents, Journals, and Debates of both Houses; and in addition, the titles of all public and private Acts, Treaties, Maps, and Charts.

The arrangement of the titles is alphabetical, under authors' names as regards special treatises, and under topics as regards Congressional documents. At the same time the Departments, Bureaus, Commissions, etc., are credited with the works issued under their supervision. A general Index at the end of the volume.

Subscription price $5.00 per annum.

J. H. HICKCOX,
906 M. ST. W., WASHINGTON, D. C.

William Wesley & Son, 28 Essex Street, Strand, or, Trübner & Co., 57 Ludgate Hill, London, or, G. Hedeler, Leipzig, are authorized to receive subscriptions.

Number 1, volume 5, of this catalogue will be issued on the 15th of January, 1889. The numbers for November and December, 1888, and probably an extra number, will appear as soon as the material can be prepared.

Among the books described in the present issue will be found several of more than ordinary interest. Reference is made to important Bulletins of the Department of Agriculture, notably those of the Divisions of Botany, Entomology, Economic Ornithology, and Forestry. This Department is rising to the front rank in the value of its scientific contributions.

The publication of the Bulletin of the Fish Commission has been resumed after a lapse of some months. The National Museum has also completed its volume of Proceedings for the year 1887.

The work of Prof. Abbe on Meteorological Apparatus is designed to give considerable detail to all known sources of errors in the use of different instruments.

The fifth annual report of the Bureau of Ethnology is fully up to the standard of the publications of that Bureau in the character and importance of its papers and elegance in production.

The State Department has issued a volume of reports on taxation, prepared by consular officers of the United States. These reports are intended to show what is the actual condition of taxation in different countries, and offer some basis of interesting comparisons of methods employed in various countries of Europe and South America. The same Department has also published a report on the coffee trade in the Central and South American States. Also, the Commercial Relations of the United States for the years 1885 and 1886, in two volumes.

WASHINGTON, D. C.

UNITED STATES GOVERNMENT PUBLICATIONS.

MONTHLY CATALOGUE.

VOL. IV. WASHINGTON, D. C., NOV.–DEC., 1888. Nos. 11–12.

Entered as second-class matter at the Post Office, Washington, D. C.

This Catalogue contains the titles of all the current official publications of the United States, including the reports and papers issued by Departments, Bureaus, Commissions and other organizations of the Government; all the documents printed by order of Congress—that is to say, the Executive Documents, Reports of Committees, Miscellaneous Documents, Journals, and Debates of both Houses; and in addition, the titles of all public and private Acts, Treaties, Maps, and Charts.

The arrangement of the titles is alphabetical, under authors' names as regards special treatises, and under topics as regards Congressional documents. At the same time the Departments, Bureaus, Commissions, etc., are credited with the works issued under their supervision. A general Index at the end of the volume.

Subscription price $5.00 per annum.

J. H. HICKCOX,
906 M. ST. W., WASHINGTON, D. C.

William Wesley & Son, 28 Essex Street, Strand, or, Trübner & Co., 57 Ludgate Hill, London, or, Felix L. Dames, Berlin, are authorized to receive subscriptions in Great Britain.

The series of contributions to American educational history, published by the Bureau of Education under the direction of Dr. H. B. Adams, is increased by two numbers, covering Virginia and North Carolina. Four additional monographs are ready for the press, and nearly every State in the Union has been placed in charge of competent collaborators in the line of this investigation.

The Senate of the United States, having removed the injunction of secrecy, directed the publication of the proceedings of that body

in Executive session since March 4, 1829 (to March 3, 1869). The work is embraced in 15 volumes, and is a continuation of the "Executive Journals" in three volumes (1789–1829) printed in the year 1829.

That a work of such high importance should be placed beyond the reach of nearly every library in the land is much to be regretted; but that is the result of the order of the Senate which directed the printing of *one hundred* copies, the cost of which, including compilation, was upwards of $20,000.

The United States Coast and Geodetic Survey has commenced a quarto series to be known as its Bulletin. It is intended "to give early announcement of work accomplished or information of importance obtained, and will, in many cases, anticipate the usual means of publication afforded by the annual reports." The issues will be paged continuously until a volume of convenient size is completed. Several numbers have already appeared.

The present issue of this Catalogue has been long delayed for the purpose of including as nearly as possible every known issue of public documents for the entire year. Owing to the prolonged session of Congress in 1888 the public printing was greatly embarrassed, and even yet many publications are not ready for distribution.

CATALOGUE.
